Edition 1, 10/2006

Safety information

WARNING!

Potential Shock Hazard

Always follow basic safety precautions when using this product to reduce risk of injury from fire or electric shock.

Read and understand all instructions in the user guide.

Observe all warnings and instructions marked on the product.

Use only a grounded electrical outlet when connecting the printer to a power source. If you do not know whether the outlet is grounded, check with a qualified electrician.

Do not touch the contacts on the end of any of the sockets on the printer. Replace damaged cords immediately.

Unplug this product from wall outlets before cleaning.

Do not install or use this product near water or when you are wet.

Install the product securely on a stable surface.

Install the product in a protected location where no one can step on or trip over the power cord and where the power cord will not be damaged.

If the product does not operate normally, see the online user guide.

Refer all servicing questions to qualified personnel.

Information regarding FCC Class B, Parts 15 and 68 requirements can be found in the user guide.

7 Problem solving
Basic problem solving 138
Status-light patterns 140

Fatal error secondary messages 147
Accessory error secondary messages 150
Media problemsolving 151
Printed page is different from what appeared on screen 153
Garbled, incorrect, or incomplete text 153
Missing graphics or text, or blank pages 153
Page format is different from another HP LaserJet printer 154
Graphics quality 154
Image problem solving 155
Light print or faded 155
Toner specks 155
Dropouts 155
Vertical lines 156
Gray background 156
Toner smear 156
Loose toner 157
Vertical repetitive defects 157
Misformed characters 157
Page skew 158
Curl or wave 158
Wrinkles or creases 158
Toner scatter outline 159
Clear jams 160
Print-cartridge area 160
Input trays 162
Output bin 165
Straight-through output path 166
Automatic two-sided printing path 167
Diagnostic resources 172
Engine test 172
Continuous self-test 172
Half self-test functional check 173
Drum rotation functional check 173
Heating element check 173
High-voltage contacts check 174
Checking the print cartridge contacts 174
Checking the high-voltage connector assembly 175
Network-setup problemsolving 176
Reset the printer 177
NVRAM initialization 177
Super NVRAM initialization 177
Network reset 178
Cold reset 178
Troubleshooting tools and reference diagrams 179
Repetitive image defects 179
